

NEW Tuli air links with Johannesburg, Kruger, Maun & Mozambique

Tuli will soon be much better linked by air to many of Southern Africa's other prime tourism destinations. Permissions and certifications have just been received to enable a plane to be based at Limpopo Valley Airfield (LVA) which is a 20 minute game drive from the lodge.

LVA is an ideal hub because it is located mid-way between the Kruger & Maun (Okavango Delta), Joburg & Kasane (Chobe) and Maun & Vilanculos (Mozambique).

Currently we can offer flights between Joburg and Tuli and the other routes will come on stream mid 2017/2018 as per the table below.
